Old Milverton and Blackdown Joint Parish Council invite you to:

- **Share your views**
- **Suggest priorities for local action**
- **Help inform our planning and budget for 2021**

In April, we had to cancel the Annual Parish Meeting due to the Covid-19 pandemic. This would have been an opportunity for the Parish Council to discuss what it has been doing over the past year and, more importantly, for local residents to share their views and shape the future priorities of the Parish Council.

As we are still unable to hold large meetings, we would like to get your views via a short questionnaire instead. The responses will be considered in the Autumn and used to inform our planning and budget for 2021.

If other people in your household would like to contribute, further copies can be downloaded from www.omandbparishcouncil.org.uk

We hope as many of you as possible will respond. Please get in touch if you have any questions.
